FEDERAL LEGISLATION

Items that have appeared in this column over the past few months, regarding the most recent "Continuing Resolution," have been found to be in need of some correction, clarification and explanation:

On 9/30/15, President Obama signed a bill that extended government spending until 12/11/15, while allowing further negotiations on several budget issues (ex. Planned Parenthood funding). On 11/2/15 the President signed a two-year "Continuing Resolution" that Congress had worked out. But this was just an 'outline' or 'framework' of a budget, not the finished product. Congress still needed to 'flesh-out' the details of the CR with about a dozen Appropriations Bills. (Spending bills that cover a broad topic, ex. Labor/HHS).

Back in August, parts of HR.940, the *Health Care Conscience Rights Act*, and S.50, the *Abortion Non-Discrimination Act* were combined to become the Senate's HCCRA (S.1919). HCCRA was a part of the *Labor/HHS/Education Appropriations Act* (HR.3020) awaiting a vote as this issue of *Life News* went to press on Dec. 10th. Many pro-life organizations had urged the GOP to risk a "Government Shutdown" to keep HCCRA in the Appropriation Bill.

On 12/3/15, the Senate passed HR.3762 - Restoring Americans Healthcare Freedom Reconciliation Act, by 52-47. The Senate version repeals more of ObamaCare than the House version (See Dec. 2015 LN, pg 3). An amendment (S.Amdt.2885) to set up a "Clinic Security & Safety Fund," and strip the 1-year Planned Parenthood defund from the Bill failed 48-52. Both NY Senators voted Yea (i.e.: to delete the defund section). The House & Senate will forge a common version of HR.3762, and send it on to the White House, for a certain veto.

NOTE : LICL objects to ObamaCare because parts in it include abortion coverage & abortifacient/sterilization/contraception coverage at taxpayer expense, and direct or implicit limiting of care to vulnerable populations such as sick newborns and terminally ill.

On 11/10/15 Sen. Lee [R-UT] introduced S.Res.312, A resolution designating the week starting 11/8/15 as "National Pregnancy Center Week." Pro-abortionists scoffed.

The US Supreme Court will hear a suit against Texas Bill HB.2. It requires abortion facilities to meet the same standards as other 'walk-in' clinics, bans "dismemberment" (D&E) abortions, and says abortionists must have local hospital admitting privileges. This latter provision has caused many Texas abortuaries to close.

LifeNews.com (11/13) says a former Planned Parenthood worker accuses PP of massive Medicaid overbilling. And the *Washington Times* (10/25) reports the IRS is still delaying tax-exemption requests by conservative groups.

ACTION ITEM - Attend the **March for Life**, or visit your legislators locally.

NEW YORK STATE LEGISLATION

Upcoming legislative battles for 2016 include:

Two physician-assisted suicide bills - Bill S.5814 (Bonacic)/A.5261-B (Paulin) and Bill S.3685 (Savino)/A.2129-A (Rosenthal) - are now pending.

The Comprehensive Contraceptive Coverage Act (Bill S.6013-Bonacic/A.8135-Cahill) forcing all NY employers to subsidize birth control drugs, including abortifacients, for their employees.

Abortion Expansion Act (S.4432-Stewart-Cousins/A.6221-Glick) Unless the Democrats stage a Senate takeover, this bill will probably not move forward, but it's still in the pipeline.

There are a number of other bills relating to life issues. See <http://www.newyorkfamilies.org/miscellaneous/371-looking-ahead-the-struggle-for-life-and-liberty-continues-in-2016>

Planned Parenthood's political arm says it will spend \$20 million to get candidates they support elected in 2016. Dawn Laguens, Executive Vice President of the Planned Parenthood Action Fund, said pro-life politicians "cannot embrace policies that dismiss the lives of women, of the LGBTQ community, of people of color, of low-income families, of young people, and expect to be elected by the American people...with the launch of I Vote Planned Parenthood Action, we're getting organized...Make no mistake - the fight for 2016 starts today." In a corresponding video PPAF President Cecile Richards said her organization is focusing on "extremists" who have "made the 2016 election about attacking reproductive rights." Richards acknowledges in the video that PP has been under state and congressional investigations for potentially illegal fetal harvesting, illegal abortions and misuse of public dollars. She states, "We'll organize and mobilize to elect lawmakers who are in our corner." PP spent \$15 million in the 2012 elections and over \$18 million in the 2013/2014 elections.

HEALTH & SCIENCE

The Importance of Pro-Life Witnessing - Now More Than Ever

The pro-life community was shocked and saddened by the terrible shooting at Planned Parenthood in Colorado Springs which claimed the lives of 3 people and injured 9 others. There were many in the abortion industry and the media who were quick to brand proliferators as violent extremists. The pro-life movement immediately responded to the false accusations that it condoned or enabled violence of any kind.

Father Bill Carmody has prayed in front of the Colorado Springs Planned Parenthood for more than 25 years. On the morning of the shooting, Father Carmody arrived at PP for sidewalk Mass and Friday prayers. It was snowy and cold, so he and other pro-lifers left at 11 am. As soon as Father Carmody heard the news, he called the PP security guard to ask if he was okay. Father Carmody then called higher-ranking PP officials to express his sorrow for the fact that a criminal had targeted them. He came face-to-face with Vicki Cowart, president and CEO of Planned Parenthood Rocky Mountains, during a vigil at All Souls Unitarian Universalist Church the next morning. She said, "Father Bill, what are we going to do?" Father Bill responded, "We need to pray."

Father Bill and the pro-life people who help women outside Planned Parenthood in Colorado Springs have a specific unwritten rule to avoid any and all violence or attacks or anything approaching maltreatment of PP staff or customers. Dr. Diane Foley, a Colorado Springs physician and president/CEO of Life Network stated, "...no one condones what happened. There is never a reason to take innocent life by any means." (Steven Ertelt, editor, www.lifenews.com 12/2/15)

Judy Brown of American Life League in a 12/1/15 press release stated, "...it would be wise for us to look beneath the surface of escalating violence in this nation and examine what we have been ignoring. The elephant in the room-the one violent act that employs deadly weapons to achieve a horrible result and is perhaps most heinous of all-is the one the media ignores. That act is surgical abortion. Many times in the past I have said that terrorism prior to birth as well as after is always and in every case a crime against the dignity of the human person. One act is no more heinous than any other when innocents die or are assaulted in any way...Yes, we know that Mr. Dear is apparently mentally challenged. And yes, we agree that, regardless of where the violence is committed, it is always and in every case wrong. But we

will not be hypocrites about this for a single second. We abhor and condemn all acts of terrorism, all acts of savagery against the innocent-born and pre-born-and we call upon our fellow Americans to do likewise. We join with Americans across this land in prayer for the victims in Colorado Springs, and we pray for this nation."

The Wednesday, 12/2/15 Stop Planned Parenthood Report called the shooting a horrible tragedy and said, "As atrocious as this event was, the way that Planned Parenthood is using the media to mold public opinion... is just a brazen effort in manipulation." Cecile Richards, president of the Planned Parenthood Federation of America has accused pro-lifers of 'hate speech' for bringing to light what goes on at Planned Parenthood through the videos released this summer and fall.

"The principle of 'hating the sin but loving the sinner' is impossible for them to understand. In Waco, Texas, the security guard at the Planned Parenthood center there was in the hospital. When pro-lifers found out, they visited him, cared for him, and prayed for his recovery. When he returned to work, they greeted him joyfully and told him they were glad he was feeling better. This may seem strange to some, but if you are truly pro-life, that's what you do...The police officer who gave his own life trying to protect the staff and clients at Planned Parenthood Colorado Springs was a pro-life pastor. His selfless act epitomized the real love and compassion of the pro-life movement...Planned Parenthood wants pro-lifers to 'tone down the rhetoric' and 'end the hate speech'. What Planned Parenthood really wants is for us to stop telling the American people what is really going on behind the doors of its facilities...

"Rep. Diane Black, a member of the House Committee investigating PP stated on December 1st, "As we grieve the loss of innocent life from Friday's attack and condemn this violence in the strongest terms possible, we in the pro-life community must also remain resolute in our convictions, knowing that our stance is morally just and scientifically sound. We must reject attempts to politicize a horrific tragedy and we must continue this effort as though lives depend on our success - because they do." (WSR: 2015-12-02, www.stopp.org)

There are individuals here on Long Island who have been faithfully witnessing in front of Planned Parenthood for decades. They need your presence and your support now more than ever! Please consider coming to pray and witness. (See page 5 for more information.)
