40 DAYS FOR LIFE™

This fall, from September 24 to November 2, 2008, our community will be uniting with more than 170 other cities across America for the largest and longest coordinated pro-life mobilization in history – the nationwide *40 Days for Life* campaign. People of faith are praying that this effort will mark the beginning of the end of abortion.

40 Days for Life is a focused pro-life campaign that has generated measurable lifesaving results in more than 130 cities where it has been implemented.

Prayer and Fasting: people of faith throughout Long Island are invited to join together for 40 days of fervent prayer and fasting for an end to abortion.

Peaceful Vigil: stand for life through a 40-day peaceful public witness daily from 7:00 AM - 7:00 PM outside the **Planned Parenthood of Nassau County abortion facility, 540 Fulton Ave., Hempstead** (1 mile west of Meadowbrook Pky. on Rte. 24); minimum one hour time slot suggested.

Community Outreach: take the positive pro-life message to our communities.

PLEASE "speak up for those who cannot speak for themselves" here on Long Island!

All are welcome for all or part of the evening!

The pro-life letters to the editor we recognize this month all appeared in *The Long Island Catholic* where a lively give and take appeared revolving around the importance of voting only for candidates who are pro-life. Those who took the position that support for abortion disqualifies a candidate for consideration carried the day. We congratulate **Edmond Farrell, Walter Ruzek, Bob Sommers, Charles J. Morgan, William J. Downey, Randolph D. Parson, Scott Salvato, Maryjane McQuade, Dorothy Grover, Thomas E. Dennelly, Florence Scarinci and Michael P. Mulhall** for their well-reasoned arguments for voting pro-life. Thanks to all of

you who are writing pro-life letters especially those who are sending them to *Newsday*, where publication is rarely assured. Please keep it up and send us any that are published.

BOYCOTT UPDATE

Life Decisions International has released an updated version of *The Boycott List*, July 2008 (www.fightpp.org, 540-631-0380). Long-time boycott target, **Blimpie**, as well as **Cold Stone Creamery** (both owned by Kahala) are NO LONGER on *The Boycott List*. Also removed is **Outback Steakhouse**. *The Boycott List* names corporations that LDI has determined to be funding Planned Parenthood Inc. at some level. In case you missed earlier *Life News* updates, Entenmann's (George Weston Bakeries), Circuit City, Sears, and Unilever are no longer part of LDI's boycott.

LabCorp is a new addition to *The Boycott List*. LabCorp President & CEO David King can be reached at 358 S. Main St., Burlington, NC 27215 or 336-229-1127.

The following corporations are **still on "The Boycott List."** Please contact these companies and let them know you don't want your consumer dollars helping to support Planned Parenthood - a business that kills more than a QUARTER OF A MILLION preborn babies annually.

Whole Foods: John P. Mackey, CEO, Whole Foods Market Inc., 550 Bowie St. Austin, TX 78703; 512-477-4455. Nassau County residents should also contact the Whole Foods stores in Jericho (429 North Broadway 11753) and Manhasset (2101 Northern Blvd. 11030).

Clif Bar (also manufactures Luna and Mojo bars): Gary Erickson, CEO, Clif Bar Inc., 1610 5th St., Berkeley, CA 94710; 800-254-3227.

Marriott (operations include Fairfield Inn, Residence Inn, and Renaissance): J. W. Marriott Jr., CEO, Marriott International Corp., 10400 Fernwood Rd., Bethesda, MD 20817; 301-380-3000.

Walt Disney (operations include ABC, ESPN, Touchstone, Pixar, Muppets, Family Fun magazine): Robert Iger, CEO, The Walt Disney Co., 500 S. Buena Vista St., Burbank, CA 91521; 818-560-1000.

REMINDER: CFC and SEFA payroll giving campaign contributions (for federal & state employees) can be directed to pro-life organizations. Check catalog for listings and tell a friend. Your support is needed and appreciated.

FEDERAL LEGISLATION

NOVEMBER ELECTIONS

The outcome of this November's election will determine the fate of the innocent unborn.

Presidential candidate Barack Obama as an Illinois State Senator and as U.S. Senator has long supported abortion on demand. On the other hand, Senator John McCain has an almost perfect pro-life voting record while serving several terms in the Senate. It is vital that we choose candidates who will stop the slaughter of our precious pre-born.

PRO-LIFE LEGISLATION

The success of two pro-life bills, "The Sanctity of Human Life Act (HR 4157) and "The Life at Conception Act" HR 618 presently in the House sub-committee and Judiciary will be instrumental in bringing down the Supreme Court decisions of 1973. The high court's Roe v. Wade and Doe v. Bolton decisions forced abortion on demand down our nation's throat.

"The Life at Conception Act" declares unborn children "persons" as defined by the 14th Amendment to the Constitution, entitled to legal protection. This is the one thing the Supreme Court admitted in Roe v. Wade that would cause the case to collapse. The 14th Amendment couldn't be clearer, it says: "Congress shall have the power to enforce, by appropriate legislation, the provisions of this article."

The "Sanctity of Human Life Act" now has 61 co-sponsors. It would establish legal personhood for all human beings from the moment of fertilization.

Continue to urge your Senator and Congressional Member to support both bills.

|  | Barack Obama <i>U.S. Senator from Illinois</i> | Co-sponsor of the "Freedom of Choice Act." "I have consistently advocated for reproductive choice and will make preserving women's rights under <i>Roe v. Wade</i> a priority as President." | "I am extremely concerned that [<i>Gonzales v. Carhart</i>]* will embolden state legislatures to enact further measures to restrict a woman's right to choose, and that the conservative Supreme Court justices will look for other opportunities to erode <i>Roe v. Wade</i> ." | Voted <i>in favor of</i> funding research that requires killing human embryos. "Embryonic stem cells can be obtained from a number of sources, including in vitro fertilization. ...We should expand and accelerate research using these embryos..." |
